looked good seemed to promised lots of sexy girls but..... it was lackluster, story seemed lame and flat animation was alright but for 2017 should be a bit better, It's worth it if you can get it for \$2.. 1st level : easy
2nd level : still easy
3rd level : *uninstalls the game*

basically the game on 3rd level and higher is harder than playing geometry dash being blindfolded.. It took me like 10mins to figure out how to join, but its absolutely cool game, it reminds me old days when i watch Xiao Xiao fights and other stickman fights :). Good and Fun RPG to play with friends. My god what's going on here?!. A true rogue-like. Steep learning curve but fun once you get the hang of it.. You can buy a lot better games for this price.

This is the type of game that should be free.

It's a joke that they want you to pay for this.

It's poorly made and it has too little content.

I would enjoy playing if it was more polished.

But it just looks like a memetastic cash grab.

Selling these games really should be banned.

Simple games can be fun, but this one isn't.

The quality is lower than actual free games.. Awesome Roguelike game! Incredibly addictive!. Wonderful relaxing problem solving game. Very Enjoyable.. THIS IS MY FAVORITE GAME OF ALL TIME IT HAS SURPASSED ANY AAA GAME AND/OR INDIE GAME ThAT I HAVE EVER PLAYED IN MY ENTIRE LIFE THE GRAPHICS WILL CHALLENGE EVEN MINECRAFT

EDIT: GOOD SHOOTING

A good detective with an interesting story and the innovative way to play games without the need to scroll through the goddamn inventory.. Does this DLC work? Yes.

Do the paint jobs look nice? Yes.

Are they worth the price? Well, it depends on how much you pay and how much you use it, so my advice is to buy the one paint job pack you like the most.

However, it only works with all trucks as long as you do not change your chassis to a 8x chassis.

It is technically "all trucks", since they all can have other chassis then 8x, but as player you whould expect that it works with any truck as long as you do not use a mod.. Video - <https://www.youtube.com/watch?v=8G-d9Q0zG8g>

"A Moment Doesn't Lose It Beauty Just Because It's Over"

Pros:

- Wonderful Graphics
- Amazing colors and sounds
- Pretty Story
- Nice music

Cons:

- Slow Walking
- 20 euro

Note: 9.5/10. Thank you for your hardwork! I ve been waiting for this game since freak quency. Played it, loved the story It was nice to see old characters from the past game. Cant wait for your future projects. *-* <3. No story

No Tactics

No Realism

No scores

No teamplay

Just plain old mindless shooting!

. Good, short game. Simple mechanics, a story driven game that is pretty linear, only 2 options for each event, so 2 playthroughs will one hundred % complete the game. Well made, easily worth \$2.
